CFM: 5,000 / BTUs: 600,000

Woodard Endorsement of Cambridge Heaters

Woodard Cleaning and Restoration
St. Louis, MO

“Woodard Cleaning & Restoration has used Cambridge heaters in our warehouses for more than thirty years, and we have always been impressed with the quality of the units, their fuel efficiency and in those rare occasions when service is needed, their ease of maintenance. We also appreciate their direct-fired design, their dependability and the longevity of their service life.

Over the past several decades, we have replaced other heaters with Cambridge units and have found these units easy to install. Whenever we have needed technical assistance Cambridge personnel have always been available.”

– Charlie Woodard,
Chairman of Woodard Cleaning and Restoration
(Currently operating four Cambridge heaters
in three separate warehouses)
